

Legend

-  Proposed Cycle Track Alignment
-  Proposed Supporting Facilities
- CP1 Mitigation Code of Recommended Mitigation Measures

Recommended Mitigation Measures

Proposed Construction Phase Mitigation Measures (Table 12-11 refers)

- CP1 Preservation of Existing Vegetation
 - CP2 Preservation of Existing Topsoil
 - CP3 Works Area and Temporary Works Areas
 - CP4 Mitigation Planting
 - CP5 Transplantation of Existing Trees
- All above measures are apply to whole alignment.

Proposed Operational Phase Mitigation Measures (Table 12-12 refers)

- OP1 Design of Cycle Track and Associated Facilities
- OP2 Roadside and Amenity Planting
- OP3 Compensatory Planting Proposals
- OP4 Treatment of Retaining Wall and Slopes
