

Key

-  Project Site
-  CHIA Study Area

Superficial Deposits

-  Qa Quaternary Holocene alluvium
-  Qd Quaternary Pleistocene and Holocene debris flow deposits
-  Qi Quaternary Holocene estuarine and intertidal deposits
-  Qpa Quaternary Pleistocene terraced alluvium
-  Qpd Quaternary Pleistocene debris flow deposits

Solid Geology

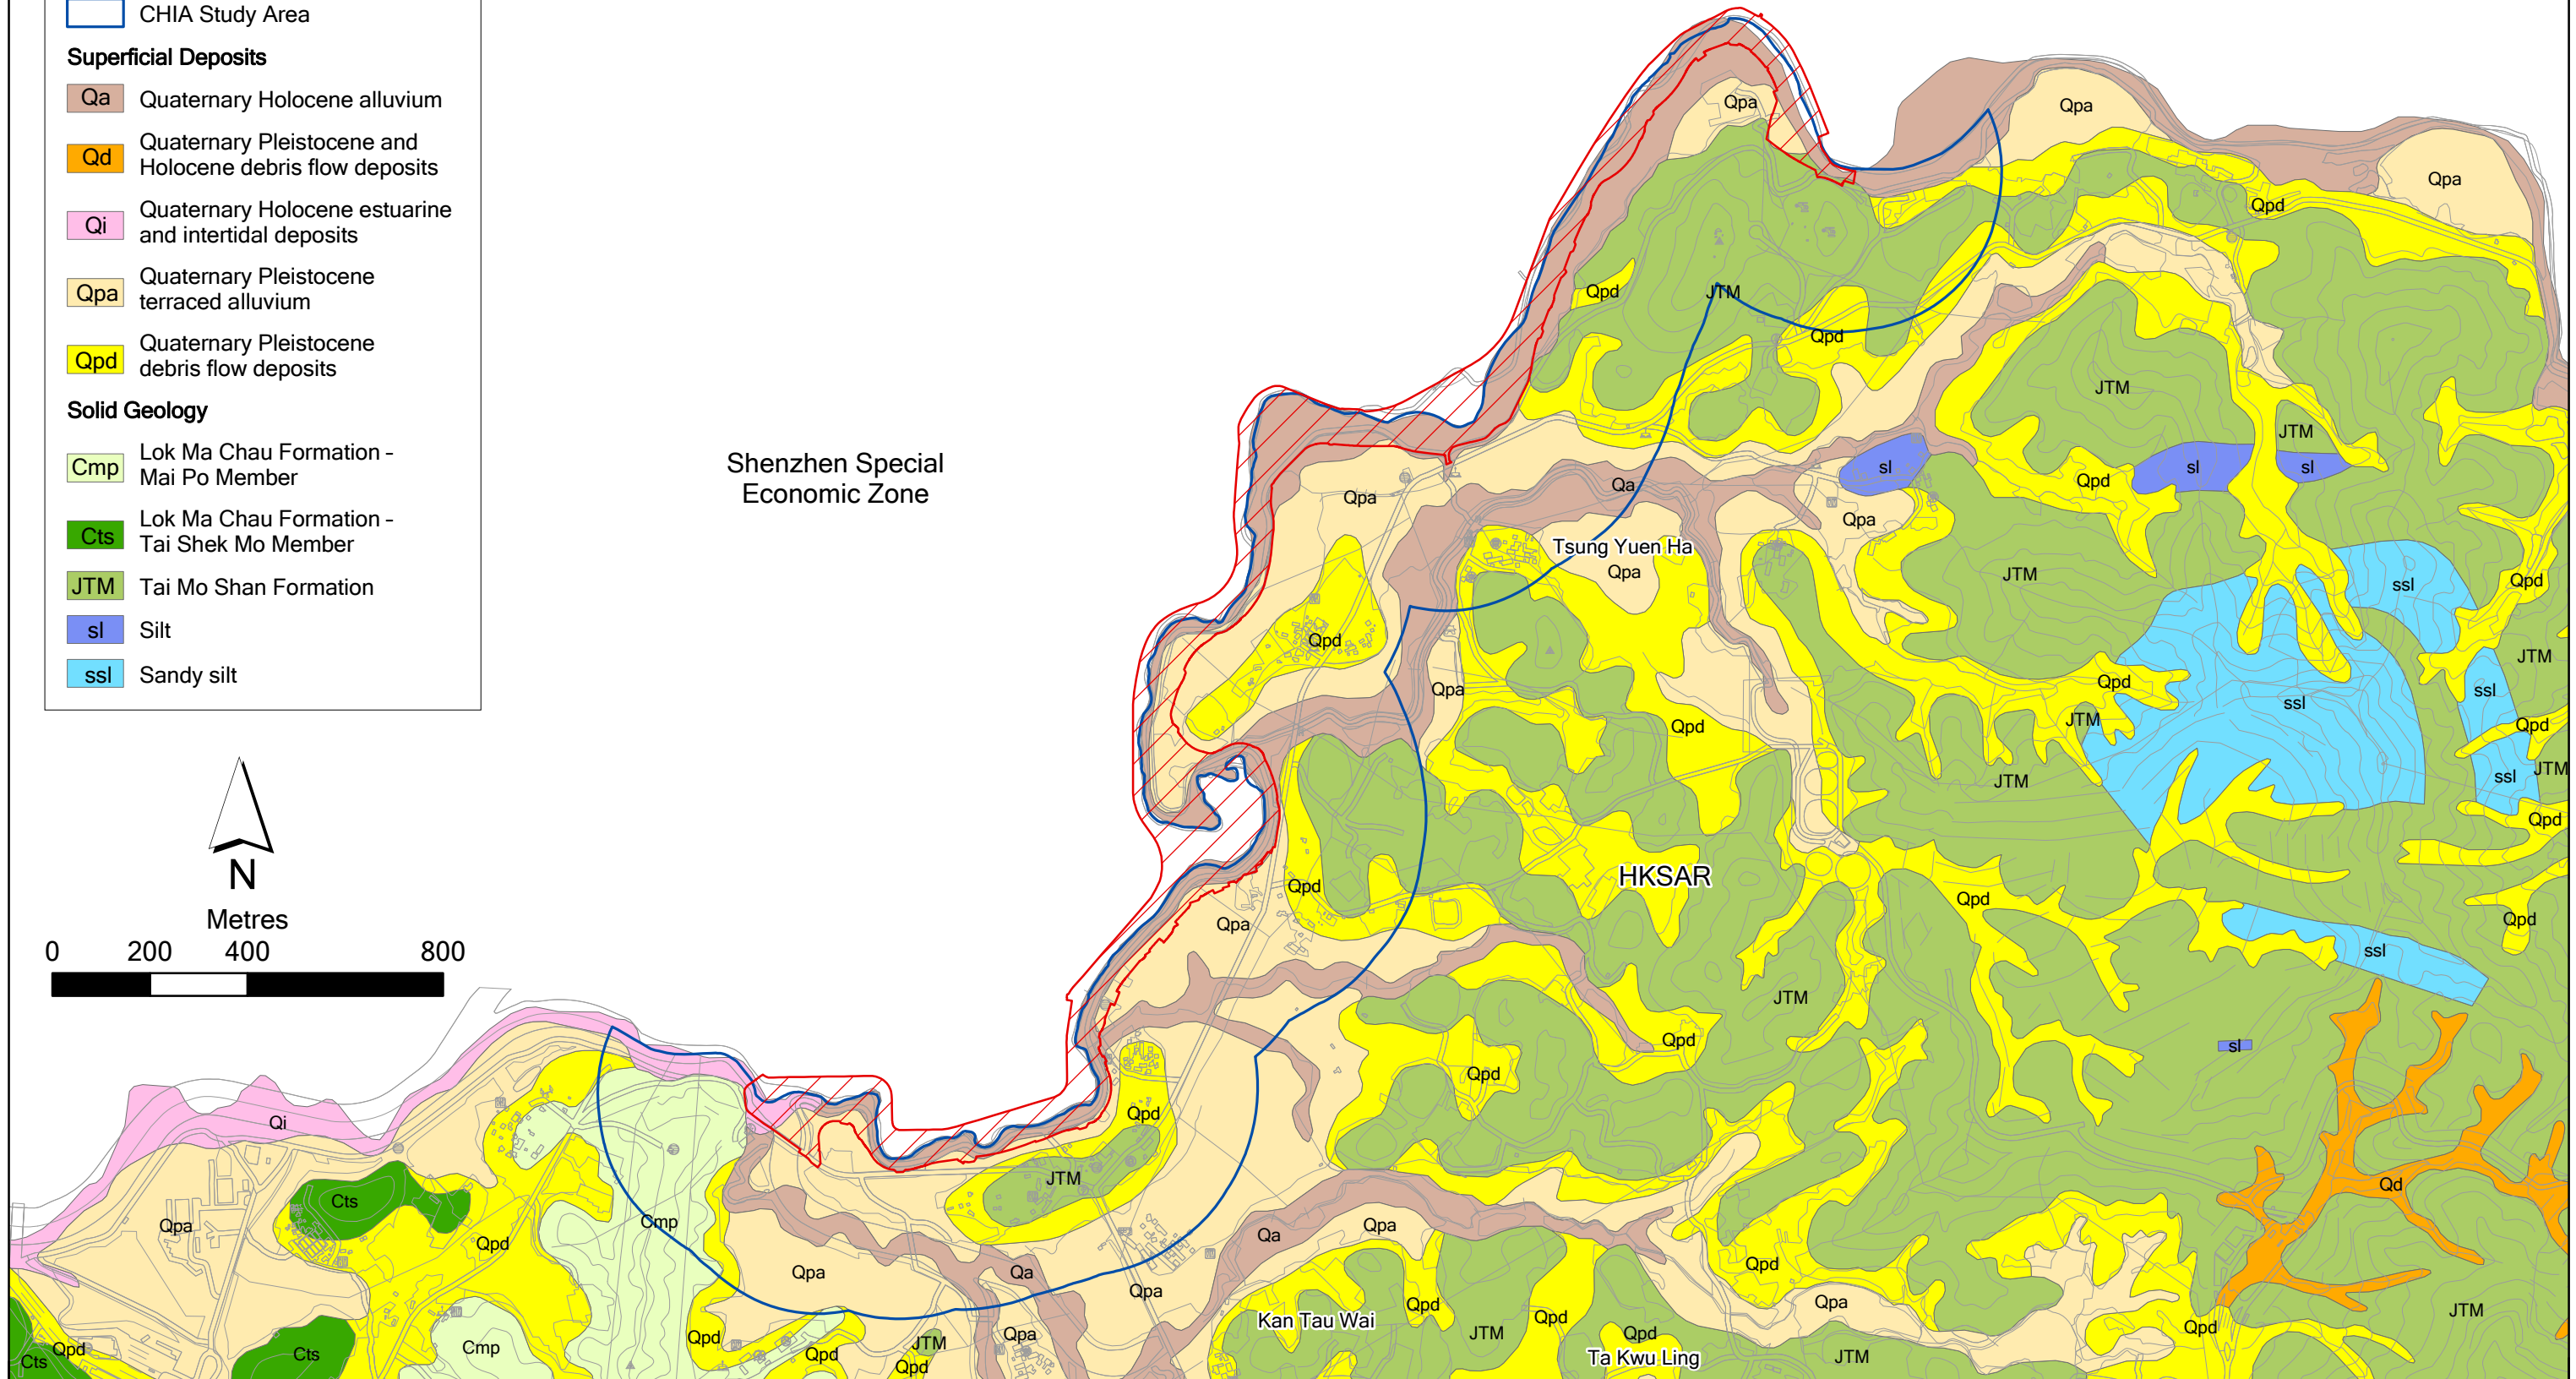

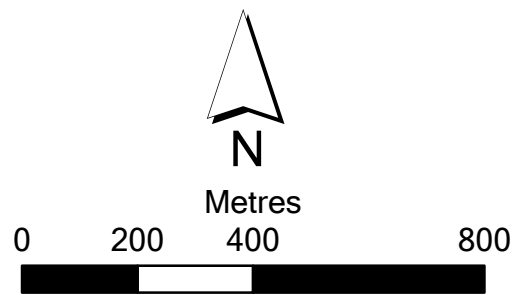

-  Cmp Lok Ma Chau Formation - Mai Po Member
-  Cts Lok Ma Chau Formation - Tai Shek Mo Member
-  JTM Tai Mo Shan Formation
-  sl Silt
-  ssl Sandy silt
