

Figure 3.2

Predicted Maximum 5-second Averaged Odour Concentration at 1.5m Above Ground during Operation of Temporary Sewage Treatment Plant

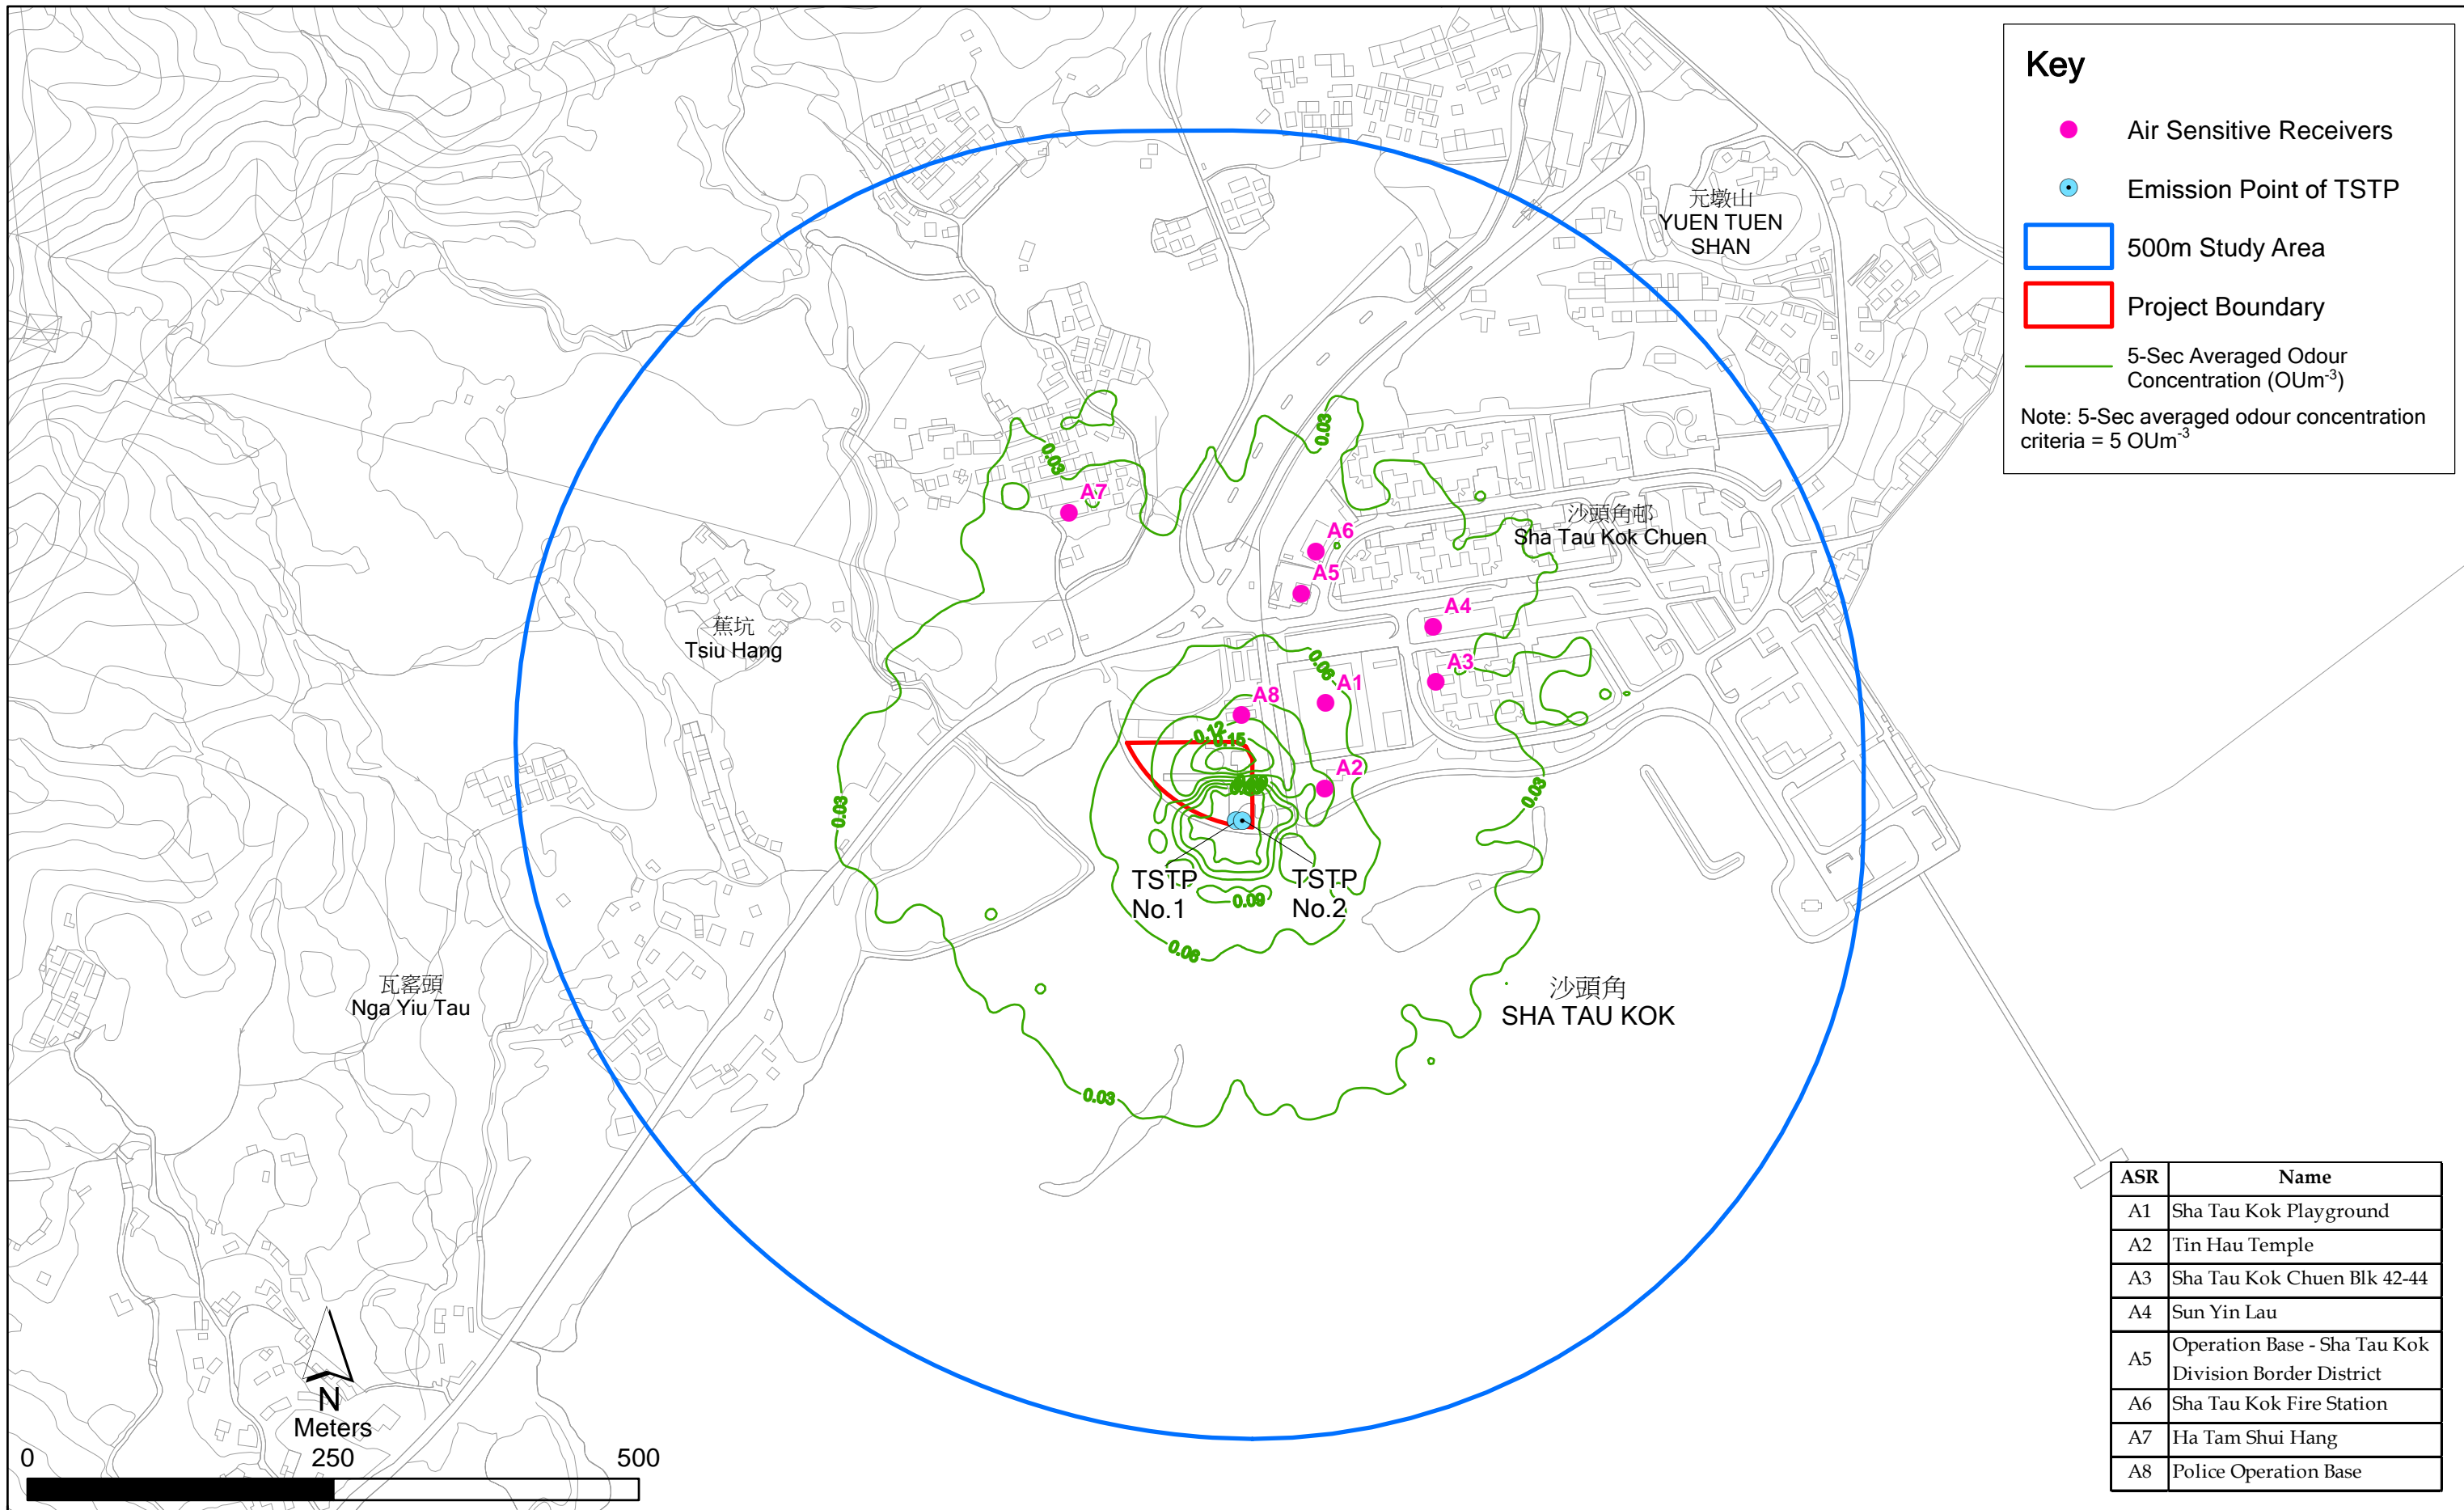

Figure 3.3

Predicted Maximum 5-second Averaged Odour Concentration at 10.5m Above Ground during Operation of Temporary Sewage Treatment Plant

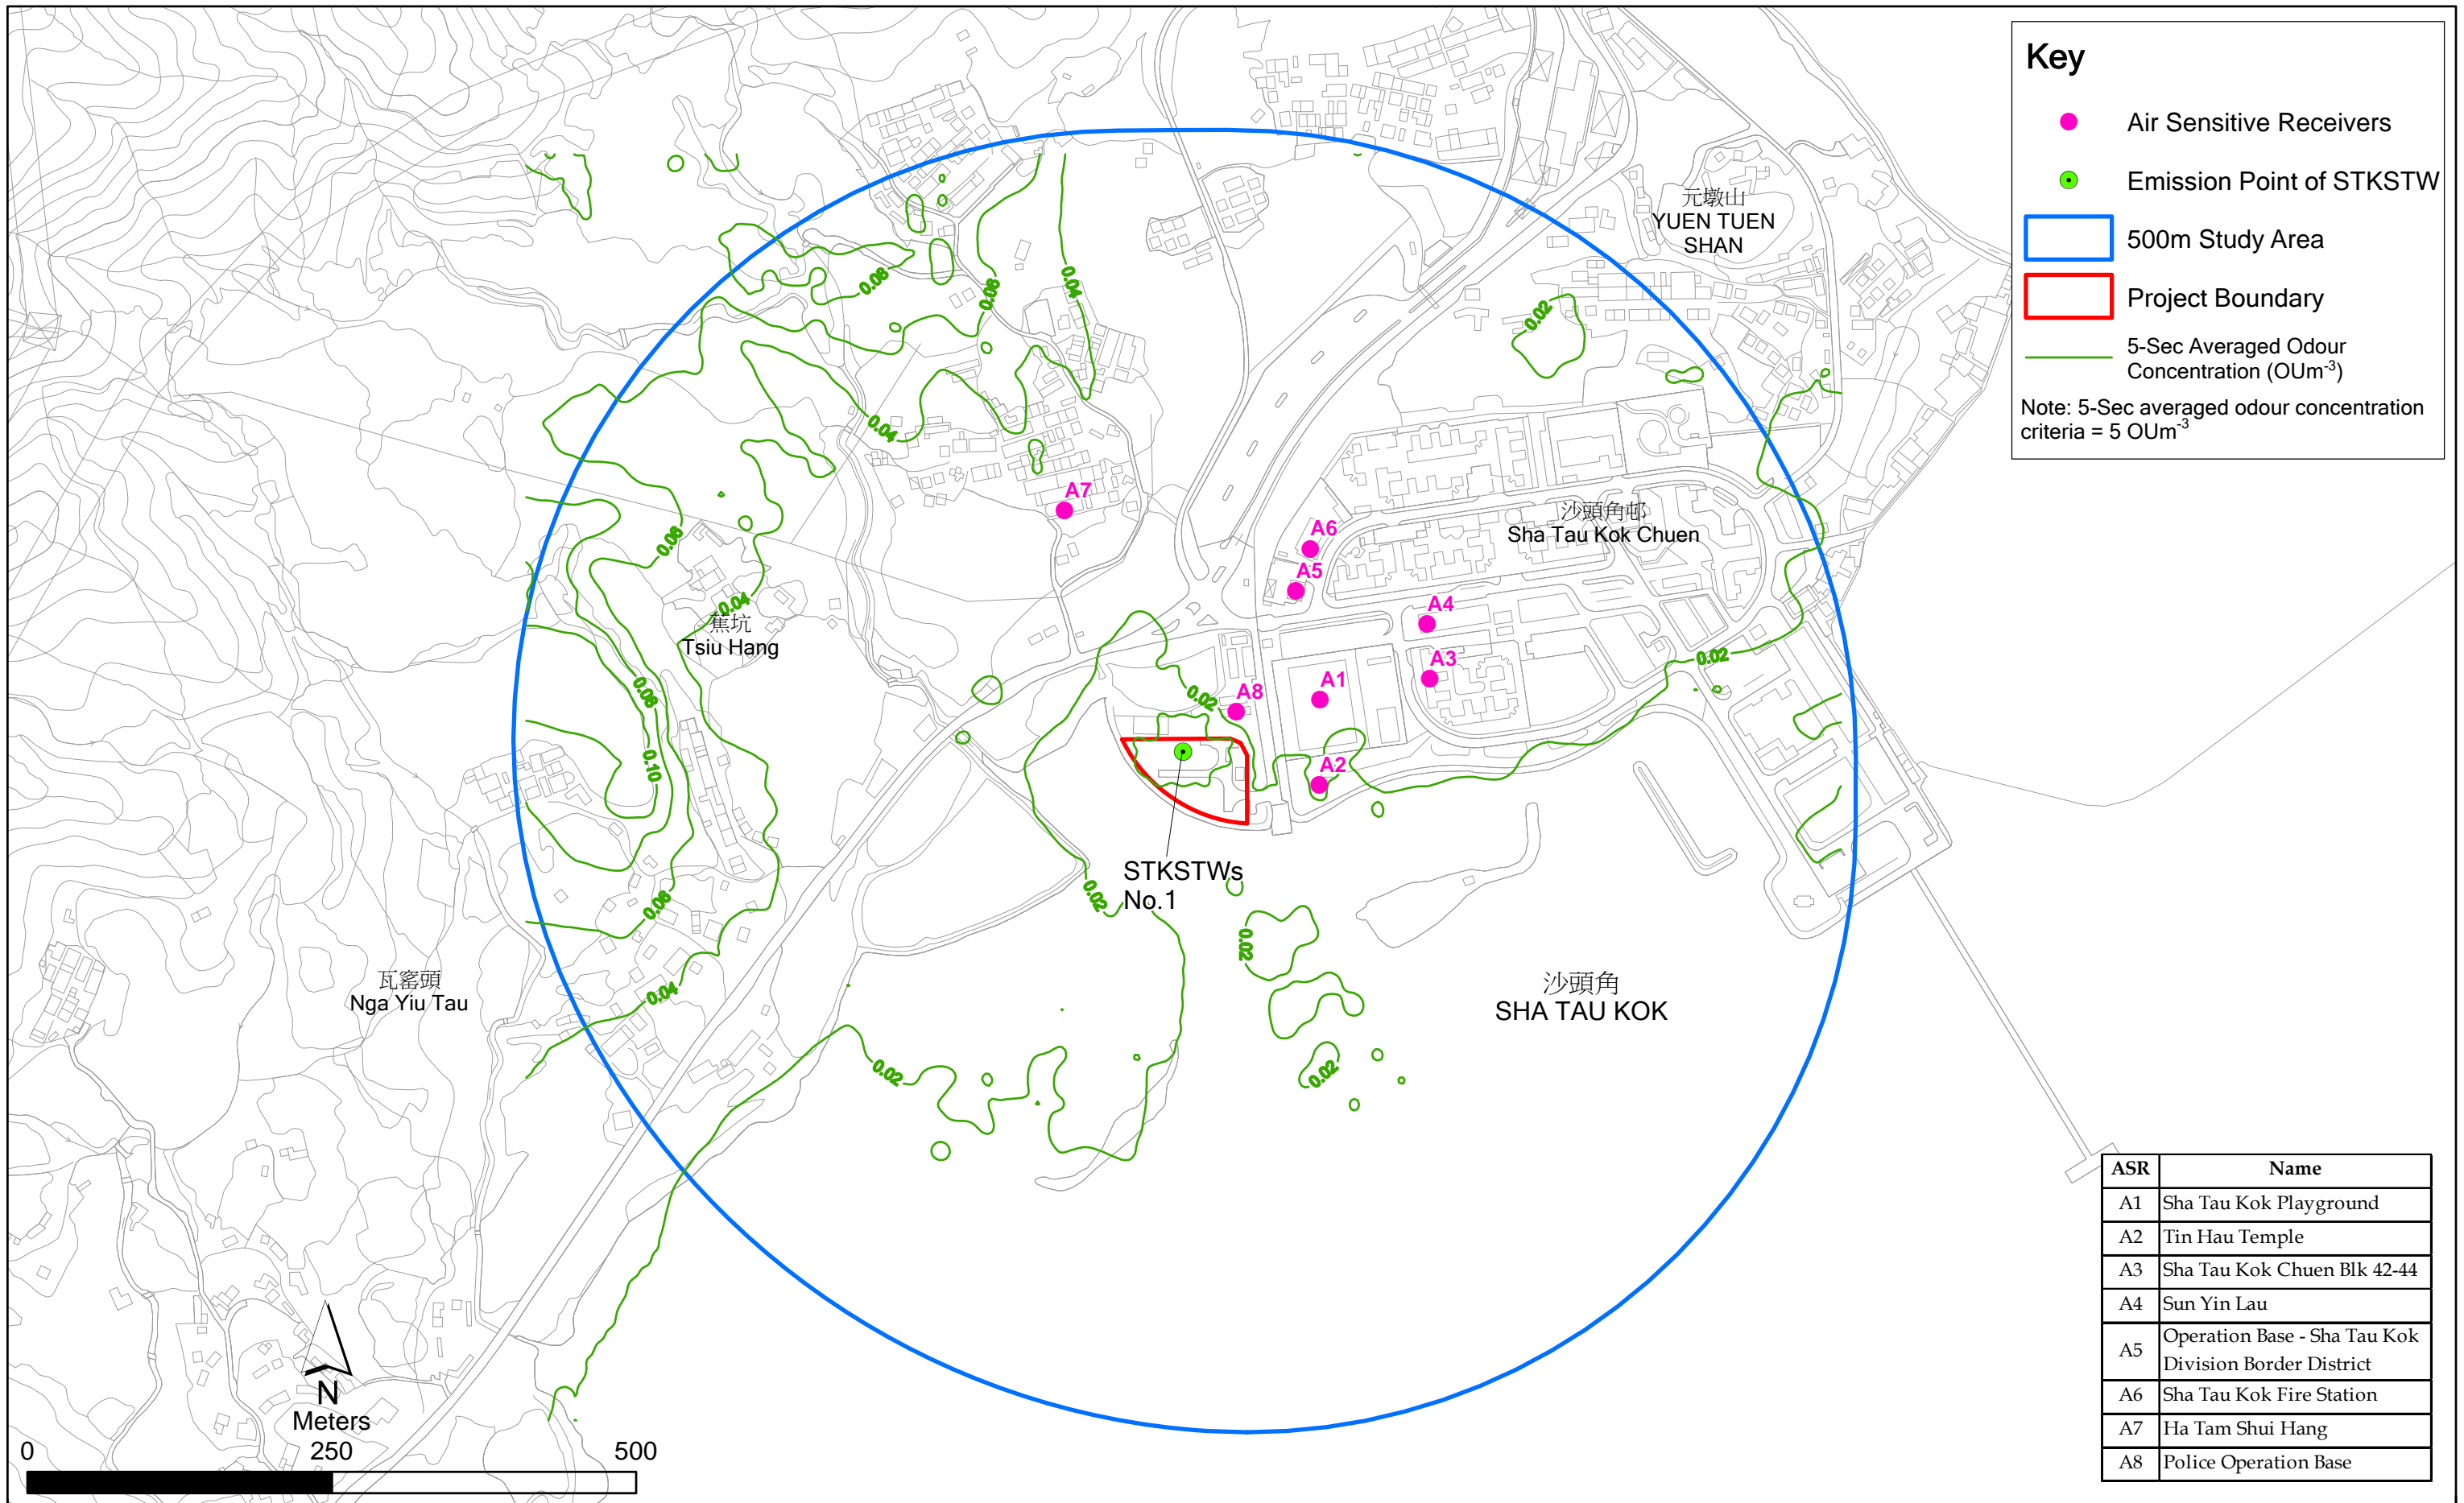

Figure 3.4

Predicted Maximum 5-second Averaged Odour Concentration at 1.5m Above Ground during Operation of Permanent Sewage Treatment Works

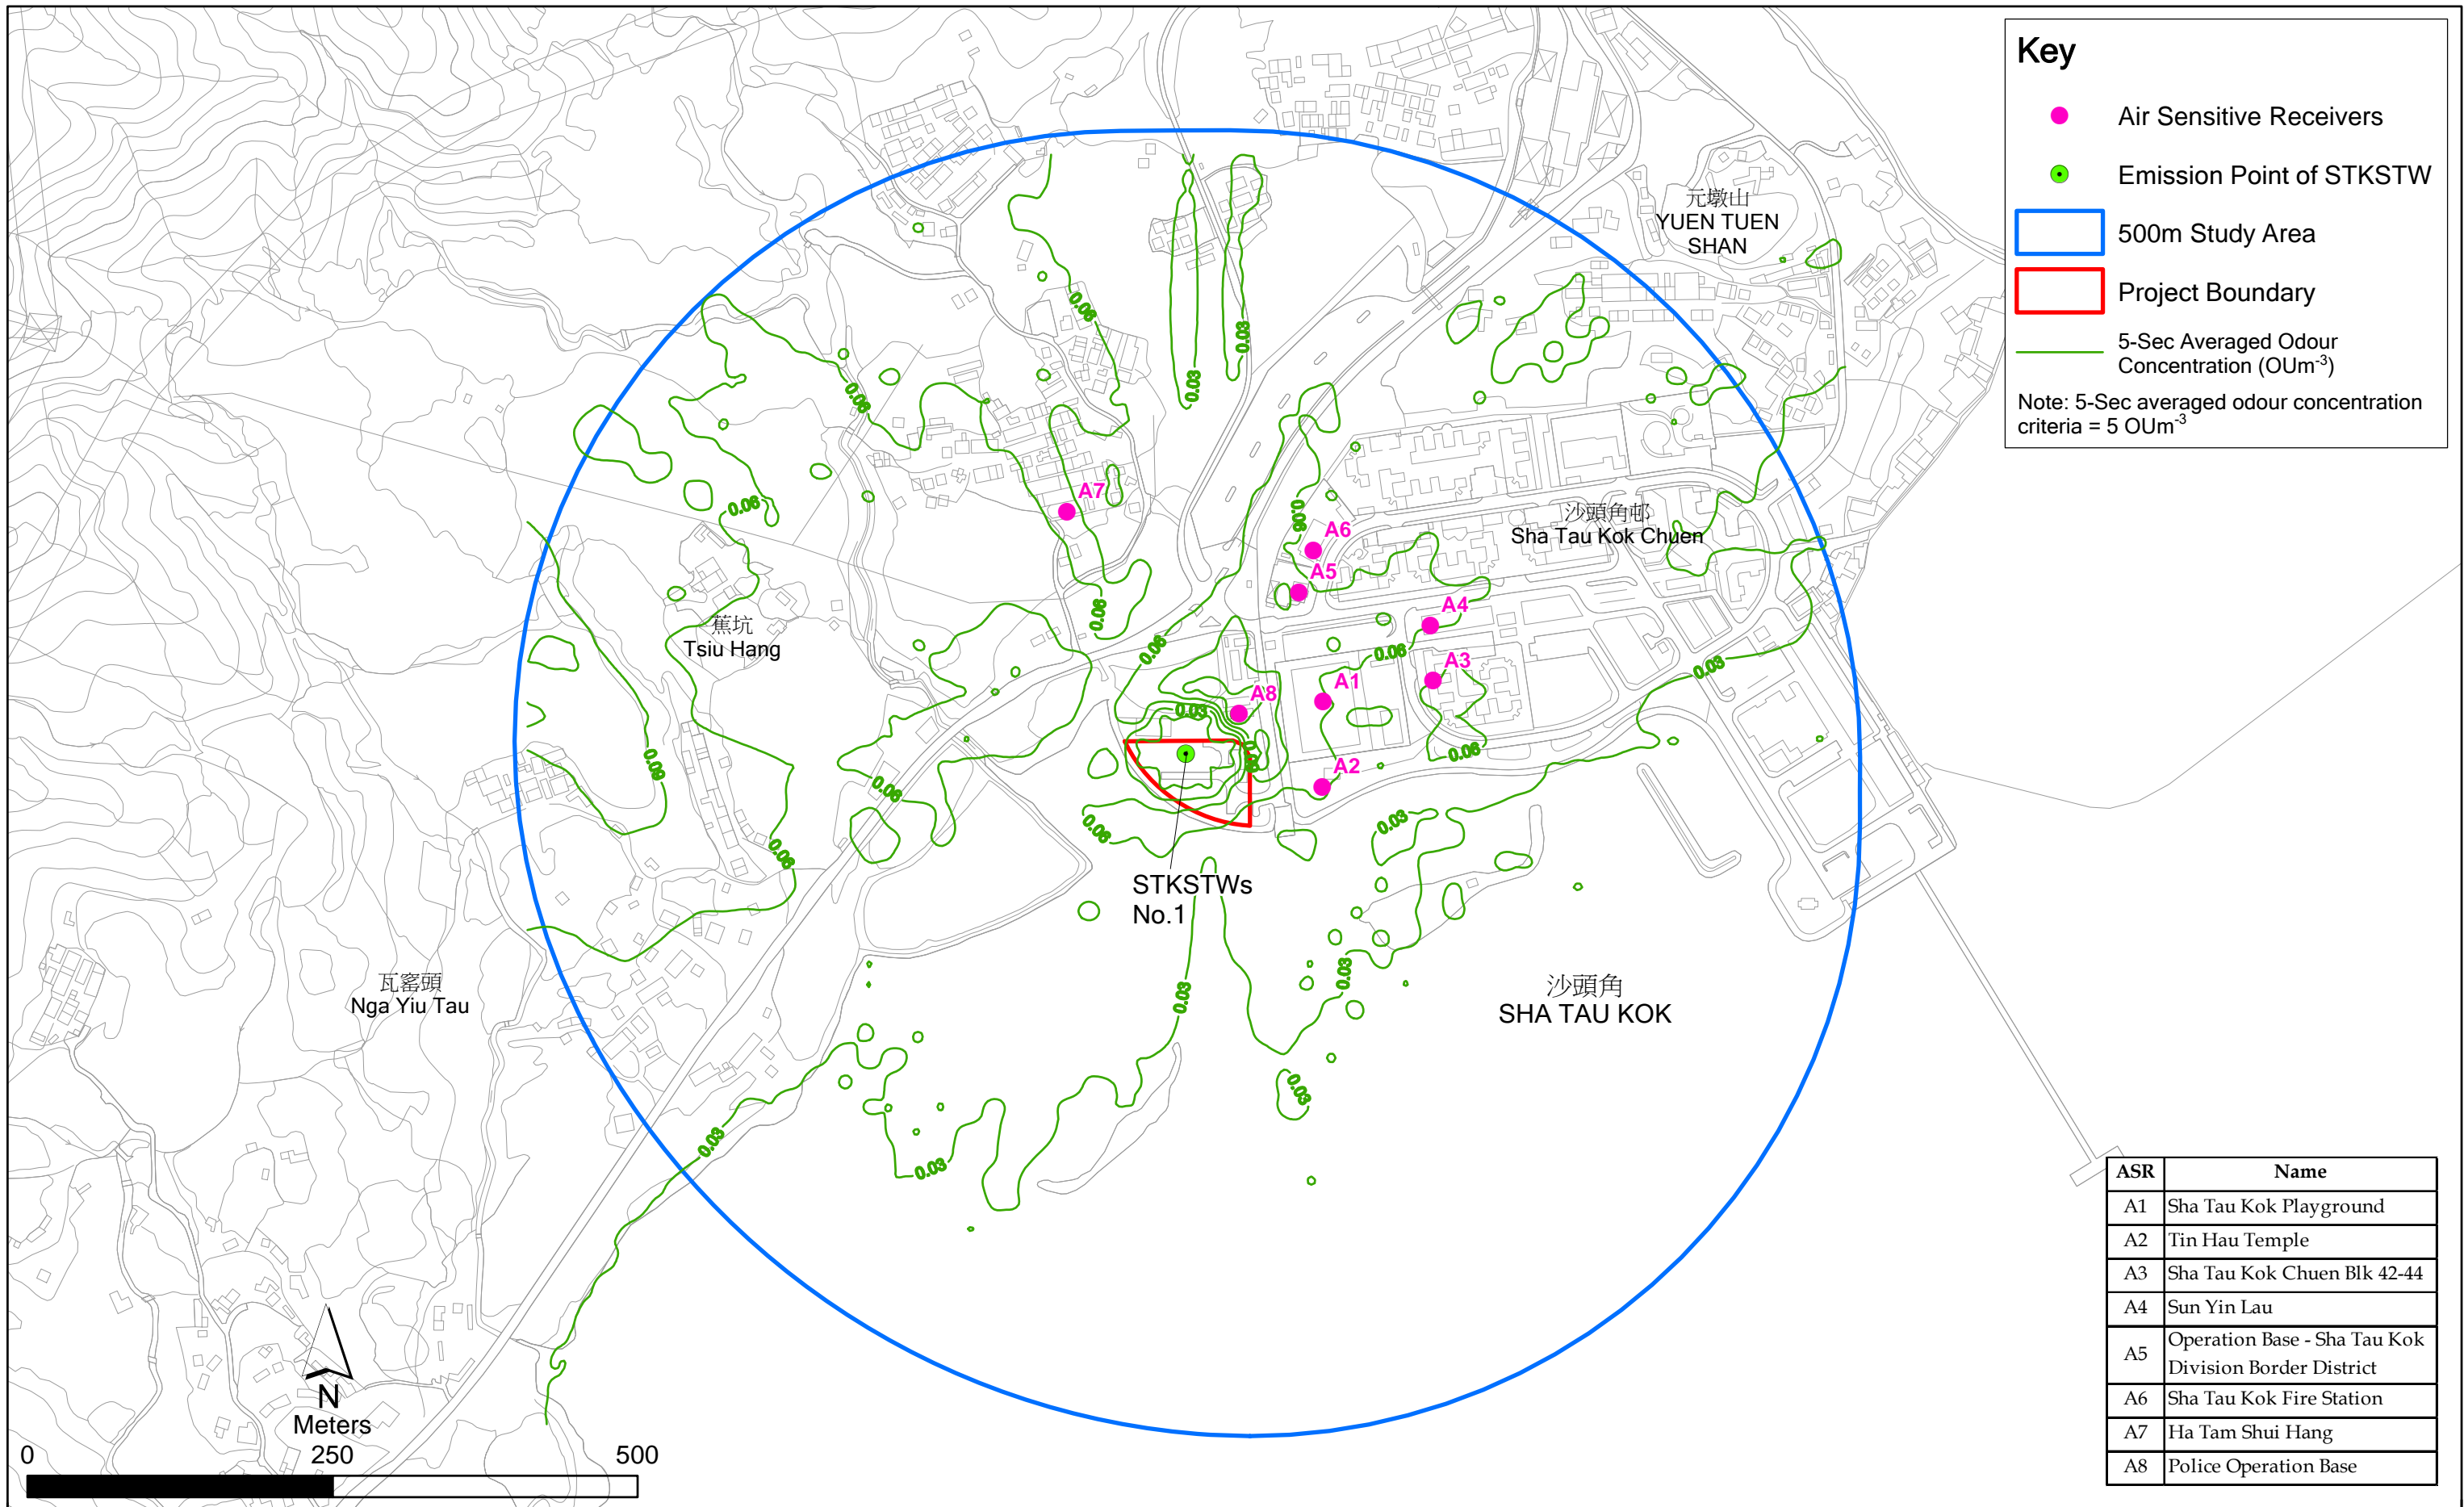

Figure 3.5

Predicted Maximum 5-second Averaged Odour Concentration at 10.5m Above Ground during Operation of Permanent Sewage Treatment Works
