Code for Abundance: ++++=abundant; +++=frequent; ++=occasional; +=scarce

Species of conservation importance is in bold type face.

"*" denotes individuals that were cultivated and/or introduced to the habitat due to human activities, thus are not considered to be species of conservation importance under this study.

Habitats are abbreviated as follows: DA/WL = Developed Area/Wasteland, SL = Shrubland, MWC = Modified Watercourse, VO = Village/Orchard, GL = Grassland, PLT = Plantation, MWL = Mixed Woodland, AGL = Agricultural Land and WC = Watercourse.
