

Appendix 9.3 **Photos of Selected Species of Conservation Importance Recorded within the Assessment Area during the Ecological Surveys**

Flora		
		
<i>Ania hongkongensis</i>	<i>Aquilaria sinensis</i>	<i>Arundina graminifolia</i>
		
<i>Begonia hongkongensis</i>	<i>Ceratopteris thalictroides</i>	<i>Cibotium barometz</i>

Route 11
(Section between Yuen Long and North Lantau)

Cyclobalanopsis chungii

Cyclobalanopsis edithiae

Diospyros vaccinioides

Enkianthus quinqueflorus

Geodorum densiflorum

Gnetum luofuense

Route 11
(Section between Yuen Long and North Lantau)

Ixonanthes reticulata

Malaxis latifolia

Nepenthes mirabilis

Rhododendron simsii

Scirpus ternatus

Selenodesmium siamense

Route 11
(Section between Yuen Long and North Lantau)

Thysanotus chinensis

Mammal

Masked Palm Civet

Chinese Horseshoe Bat

Chinese Myotis

Route 11
(Section between Yuen Long and North Lantau)

Himalayan Leaf-nosed Bat

Leschenault's Rousette

Rickett's Big-footed Bat

Intermediate Horseshoe Bat

Unidentified *Miniopterus* sp.

Leopard Cat

Route 11
(Section between Yuen Long and North Lantau)

Avifauna

Black Kite

Black-crowned Night Heron

Collared Scops Owl

Striated Heron

Little Egret

Route 11
(Section between Yuen Long and North Lantau)

Herpetofauna

Chinese Bullfrog

Brown Wood Frog

Burmese Python

Copperhead Racer

Hong Kong Cascade Frog

Lesser Spiny Frog (Tadpole)

Route 11
(Section between Yuen Long and North Lantau)

Mountain Water Snake

Romer's Tree Frog

Taiwan Kukri Snake

White-spotted Slug Snake

Spotted Narrow-mouthed Frog

Route 11
(Section between Yuen Long and North Lantau)

Butterfly

Danaid Eggfly

Painted Lady

Odonate

Dancing Shadow-Emerald

Route 11
(Section between Yuen Long and North Lantau)

Freshwater fauna

Cryptopotamon anacoluthon

Nanhaipotamon hongkongense

Somanniathelphusa zanklon

Marine fauna

Oulastrea crispata

Guaiagorgia sp.
