Note/Abbreviation
 • The location of *Gnetum luofuense* is not pinpointed, it this species was commonly recorded within the assessment area. The location of the recorded *Begonia hongkongensis* is not pinpointed on this and the following figures to avoid poachers from collecting this species. The location of *Ixonanthes reticulata* in Tin Hau Temple Fung Shui Woodland and Ching Uk Tsuen Fung Shui Woodland is not pinpointed, as it was commonly recorded therein.
 • Owing to scale difference, the approximate location of the ditch within the western portal of SKWLR is not shown in Figure 9.2 but in Figures 9.4B, 9.4C and 9.4D.
 • TLC Catchwater Tunnel Nos. 1, 6, 7 and 8 are known bat roosting grounds, while TLC Catchwater Tunnel No. 5 could be a possible bat roosting ground.
