Note:
 [1] Bolded floor levels indicate the floor closest to the construction work zones. The selected floors were considered as representative floors for the NAP in the assessment.
 [2] According to the technical reports for Section 16 Planning Application to be submitted to Planning Department, the tentative first population intake for Tan Kwai Tsuen Public Housing Development is Year 2030.
 [3] According to the Preliminary Environmental Review Report for 'Site Formation and Infrastructure Works for Public Housing Developments at Long Bin, Yuen Long - Investigation, Design and Construction' the tentative first population intake year for Phase 2 for Long Bin Public Housing Development is Year 2029 - Year 2031.
 [4] Ground floor of UT3 is a carpark which is regarded as a noise tolerant use. It is, therefore, not assessed in this noise impact assessment.
