

Appendix 3B Details of Representative Air Sensitive Receivers

ASRs ID	Description of ASRs	Existing/ Planned Uses	Nature of Use	Flag Pole Receiver Height (mAG)	No. of Storeys	Approximate Distance to Project Boundary (m)	Corresponding PATH Grid	PATH Level	x-coordinate	y-coordinate
TPO1	Fresh Air Intake at 8/F, T-PARK Office	Existing	G/IC	39 ^[2]	1	226	15,44	3	810416	831507
TPO2	Fresh Air Intake at 9/F, T-PARK Office	Existing	G/IC	42 ^[2]	1	198	15,44	3	810396	831477
WXO1	WENTX Office	Planned	G/IC	1.5	1	126	15,44	1	810394	831315
TTC1	Office, Tsang Tsui Columbarium	Existing	G/IC	4 ^{[3](4)}	1	88	14,44	1	809655	831358
BPS1	GBG Management Building, Black Point Power Station	Existing	Industrial	1.5, 5, 10	3	1396	13,43	1	808832	830161
LKT1	Lau Ancestral, Lung Kwu Sheung Tan	Existing	Place of Worship	1.5	1	1945	14,42	1	809576	829153
LKT2	Hai Grove House 2, 24 Pak Long	Existing	Residential	1.5, 5, 10	3	3110	14,41	1	809825	827974
SPN1	295 Sheung Pak Nai	Existing	Residential	1.5	1	3313	17,46	1	812903	833356
HPN1	2A Ha Pak Nai	Existing	Residential	1.5	1	3028	17,46	1	812775	833004
HPN2	Ha Pak Nai Village House	Existing	Residential	1.5	1	2969	17,46	1	812822	832806
HPN3	21 Ha Pak Nai	Existing	Residential	1.5	1	2676	17,46	1	812594	832616
NWR1	81 Nim Wan Road	Existing	Residential	1.5	1	1990	17,45	1	812074	831859
HPN4	West Ha Pak Nai	Existing	Residential	1.5	1	2181	17,45	1	812322	832054
HPN5	West Ha Pak Nai	Existing	Residential	1.5	1	1597	16,45	1	811727	831940
HPN6	West Ha Pak Nai	Existing	Residential	1.5	1	1640	16,45	1	811821	831843
HPN7	West Ha Pak Nai	Existing	Residential	1.5	1	1549	16,44	1	811839	831405
NWR2	Village House along Nim Wan Road	Existing	Residential	1.5	1	4280	18,47	1	813611	833971
NWR3	Village House along Nim Wan Road	Existing	Residential	1.5	1	4350	18,47	1	813654	834063
NWR4	Village House along Nim Wan Road	Existing	Residential	1.5	1	4600	18,47	1	813821	834228

Note:

[1] Representative ASRs identified within the AOs will be considered in the AQIA.

[2] Central air conditioning is provided, and the fresh air intakes are located at 39m and 42m above ground.

[3] Given the transient stay of visitors, only office of Tsang Tsui Columbarium is considered representative ASR.

[4] Central air conditioning is provided, and the fresh air intake is located at 4m above ground.

[5] No sufficient information from Lung Kwu Tan reclamation project is available for cumulative impact assessments. The Lung Kwu Tan reclamation project shall conduct EIA study and take into account 1-PARK2 as committed project in their EIA study.

[6] The Landfill and Development Group (LDG) confirmed that there is no confirmed land uses for the restored WENTX Landfill site at the time of the 1-Park2 EIA. Therefore, no planned representative ASRs were identified from these projects.
