Dear Sir,

Agreement No. 26/2022 (EP)
Development of Integrated Waste Management Facilities Phase 2
Investigation, Design and Construction
Submission of Draft Traffic Forecast Methodology for Air Quality Impact Assessment (Issue 0)

I refer to your letter under reference dated 25 August 2023 regarding the caption.

Please note that the Air Quality Impact Assessment is not under our purview. We are not in a position to provide comments on the traffic figures tailor-made for the environmental assessment purposes.

Notwithstanding the above, please note that we would have no objection in principle to the methodology for traffic forecast if it is the same as that adopted in the traffic impact assessment for the captioned project and the base year observed traffic data tally with those for traffic impact assessment.

Should there be any discrepancy in the traffic data and the methodology for traffic forecast between traffic impact assessment and the subject assessment, please highlight for our consideration.

Yours faithfully,

(Alex PONG)
for Commissioner for Transport
